ISUZU DIESEL **ISUZU RED TECH**
Reliable, Eco-friendly, Durable, Technologically Advanced

RELIABLE

ECO-FRIENDLY

DURABLE

TECHNOLOGICALLY ADVANCED

ENGINES & POWER UNITS

The advertisement is a collage of four images arranged in a 2x2 grid, separated by white diagonal lines. The top-left image shows a close-up of a diesel engine with the word 'RELIABLE' written diagonally across it. The top-right image shows a scenic view of a red rock canyon with the word 'ECO-FRIENDLY' written diagonally across it. The bottom-left image shows a waterfall cascading over rocks with the word 'DURABLE' written diagonally across it. The bottom-right image shows a silhouette of an excavator against a bright orange and yellow sunset with the words 'TECHNOLOGICALLY ADVANCED' written diagonally across it. The entire advertisement is framed by a red border.

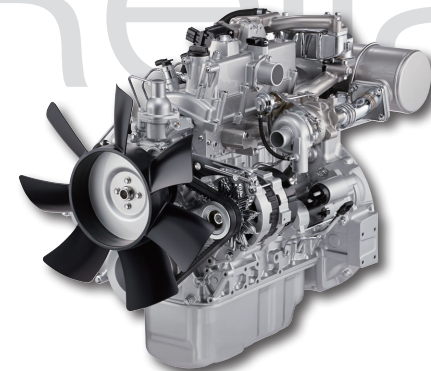

Isuzu is the global leader in commercial vehicles and diesel engines. We consistently focus on “creation without compromise” in the process of building and maintaining a world class organization. By expanding our operations across the globe, Isuzu products benefit people in over 100 countries. To ensure the most advanced performance and superb service, we are moving forward in product development, quality, manufacturing systems and customer support, which will become the new global standards of excellence. We hold an uncompromising commitment to improvement for better products and a better partnership with the world.

Isuzu **Reliable** 4L Engines... inside every REDTech™ 4L Power Unit.

The Isuzu 4L 2.2L (30-49 kW) engine has always been reliable, eco-friendly, durable, and technologically advanced. The same qualities that make the best Power Units. Our customers and their customers know what is needed for **reliable** power today...Isuzu.

“

“Our spring or leftover winter conditions bring unseen challenges to equipment that needs to operate with less downtime and maintenance worries. Isuzu Diesel 4L and 4J Series give us the confidence we need every time we are in these extreme situations.”

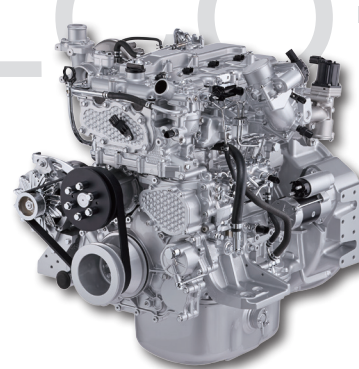

Doug Nimmo
Branch Manager
Westquip Diesel Sales

”

Isuzu **Eco-friendly** 4J Engines... inside every REDTech™ 4J Power Unit.

Eco-friendly

The Isuzu 4J 3.0L (52-84 kW) engine has always been reliable, eco-friendly, durable, and technologically advanced. The same qualities that make the best Power Units. Our concern for the environment, low maintenance, and excellent fuel economy can give you **eco-friendly** power today.

“

"As far as Husker Power is concerned, the genset met or exceeded all of the requirements which ensure that the Isuzu engine used in this application will perform as well as expected for years to come."

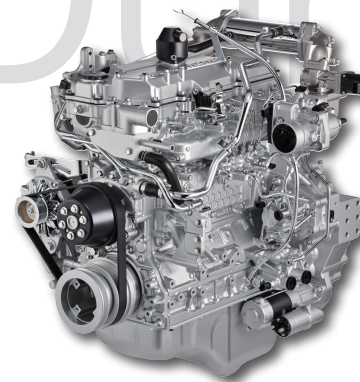

Bill Heese
Sales Account Manager
Husker Power Products

”

Isuzu **Durable** 4H Engines... inside every REDTech™ 4H Power Unit.

Durable

The Isuzu 4H 5.2L (129-140 kW) engine has always been reliable, eco-friendly, durable, and technologically advanced. The same qualities that make the best Power Units. Our customers' demanding applications define our work to offer the most **durable** power today.

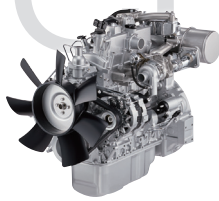

Isuzu **Technologically Advanced** Engines are built to exact requirements.
