

## Press Release

FOR IMMEDIATE RELEASE

March 19, 2026

### **ISUZU MOTORS AMERICA, LLC NAMES RYAN MANTHEI TO LEAD SALES & BUSINESS DEVELOPMENT**

**PLYMOUTH, MI — March 19, 2026** — Isuzu Motors America, LLC, PowerTrain Division, announces the appointment of Ryan Manthei to lead Sales & Business Development. In this role, he manages sales and business development across OEM and distributor channels while supporting the continued development of the Isuzu Diesel Power Unit program.

Manthei joined Isuzu Motors America in 2025 as OEM Sales Manager and has contributed to strengthening relationships with OEM customers while supporting the continued growth of the division's industrial engine and power solutions business.

Manthei brings more than 20 years of experience in the industrial engine and power generation industry, with leadership roles spanning sales, application engineering, service, and multi-site operations. He began his career in engineering roles focused on engine installations and applications and later advanced into senior leadership positions leading sales organizations, developing distributor networks, launching new product platforms, and managing business units focused on growth and operational excellence.

"Ryan's industry experience and strong understanding of both the technical and commercial aspects of our business position him well to lead our sales strategy as we continue expanding our presence in the industrial engine market," said Ken Martin, Executive Director, Sales and Supply Chain, Isuzu Motors America, LLC. "We look forward to his continued contributions as we strengthen relationships with our OEM customers and distributor network."

In his role, Manthei oversees the division's dual-channel sales strategy across OEM and distributor markets. He works closely with leadership, internal teams, and the distributor network to support customers and deliver the reliability, performance, and support associated with the Isuzu Diesel brand.

## Press Release

### About Isuzu Motors America, LLC, PowerTrain Division

Isuzu Motors America, LLC, PowerTrain Division, headquartered in Michigan, is the Isuzu engine distributor in the U.S. and Canada, and has authorized resellers in Peru, Venezuela, and Ecuador. Marketed in the U.S. as Isuzu Diesel, our products are sought after by manufacturers and consumers who need durable engines and power units for the machinery that drives their livelihoods. The Isuzu PowerTrain Division has built a vast network of dealers and distributors numbering more than 400 to sell and service our customers, including engines, accessories, service tools, and Isuzu genuine parts. Isuzu Diesel products include more than 30 engine models with power outputs ranging from 11.8HP to 512HP, for use in off-road industrial applications. For more information, visit [www.isuzuengines.com](http://www.isuzuengines.com) and [www.isuzu.co.jp/world](http://www.isuzu.co.jp/world).
